# **CLEAR** your conscience

# Cold cups with flair

Our **Cold Cups** are not shy about sharing their more sustainable pedigree. The Eco-Products Greenstripe renewable and compostable cold cup made from PLA (polylactic acid), holds drinks without leaking, rocks it's environmental attributes and is always the life of the party. Best of all, when it's time to go home, this cup is 100% certified commercially compostable and returns to the soil.....until your next bash!
