

Sustain

The solution is in your hands

Aqueous Paper Cups

These innovative aqueous cups are made with renewable, unbleached kraft brown paper from well-managed, Forest Stewardship Council® (FSC® C117930) certified forests and other controlled sources. They have a unique water-based barrier coating, eliminating the need for a separate inner plastic lining. They are compostable in industrial facilities under specific conditions.

CODE	PRODUCT TYPE	DESCRIPTION	CAPACITY	UOM
SUSDWA08	Double Wall Cup	Unbleached, Kraft Brown Paperboard /Water-based Barrier Coating (FSC®)	8oz	CT/500
SUSDWA08W	Double Wall Cup	Unbleached, Kraft Brown Paperboard /Water-based Barrier Coating (FSC®)	8oz Wide	CT/500
SUSDWA12	Double Wall Cup	Unbleached, Kraft Brown Paperboard /Water-based Barrier Coating (FSC®)	12oz	CT/500
SUSDWA16	Double Wall Cup	Unbleached, Kraft Brown Paperboard /Water-based Barrier Coating (FSC®)	16oz	CT/500
SUSSWA04	Single Wall Cup	Unbleached, Kraft Brown Paperboard /Water-based Barrier Coating (FSC®)	4oz	CT/2000

SUSSWA12	Single Wall Cup	Unbleached, Kraft Brown Paperboard /Water-based Barrier Coating (FSC®)	12oz	CT/1000
SUSSWA16	Single Wall Hot Cup	Unbleached, Kraft Brown Paperboard /Water-based Barrier Coating (FSC®)	16oz	CT/1000

Bamboo Cups

Sustain Bamboo Cups are made from renewable bamboo pulp with a BioPBS (bio-based polybutylene succinate) lining derived from plant-based resources. They are compostable in industrial facilities, so will break down under specific conditions.

CODE	PRODUCT TYPE	DESCRIPTION	CAPACITY	UOM
BZSUSBSW6	Bamboo Single Wall Cup	Bamboo / BioPBS Lining	6oz	CT/1000
BZSUSBSW8	Bamboo Single Wall Cup	Bamboo / BioPBS Lining	8oz	CT/1000
BZSUSBSW12	Bamboo Single Wall Cup	Bamboo / BioPBS Lining	12oz	CT/1000
BZSUSBDW8	Bamboo Double Wall Cup	Bamboo / BioPBS Lining	8oz	CT/500
BZSUSBDW12	Bamboo Double Wall Cup	Bamboo / BioPBS Lining	12oz	CT/500
BZSUSBDW16	Bamboo Double Wall Cup	Bamboo / BioPBS Lining	16oz	CT/500

Embossed Paper Cups

Sustain Embossed Paper Cups are made from renewable paper from well-managed, Forest Stewardship Council® (FSC®) certified forests and other controlled sources. They are compostable in industrial facilities, so will break down under specific conditions.

CODE	PRODUCT TYPE	DESCRIPTION	CAPACITY	UOM
BZSUSDW8	Embossed Double Wall Cup (FSC®)	Paper / PLA Lining	8oz	CT/500
BZSUSDW12	Embossed Double Wall Cup (FSC®)	Paper / PLA Lining	12oz	CT/500

White Paper Cups

Sustain White Paper Cups are made from renewable paper from well-managed, Forest Stewardship Council® (FSC®) certified forests and other controlled sources. They are compostable in industrial facilities, so will break down under specific conditions. With their subtle, minimalist design, businesses can stamp their own brand logo on the cup.

	CODE	PRODUCT TYPE	DESCRIPTION	CAPACITY	UOM
	SUSSWW04	Single Wall Cup	White / Paper / BioPBS (FSC®)	4oz	CT/2000
	SUSSWW06	Single Wall Cup	White / Paper / BioPBS (FSC®)	6oz	CT/1000
	SUSSWW08	Single Wall Cup	White / Paper / BioPBS (FSC®)	8oz	CT/1000

	SUSDWW08	Double Wall Cup	White / Paper / BioPBS (FSC®)	8oz	CT/500
	SUSDWW08W	Double Wall Cup	White / Paper / BioPBS (FSC®)	8oz Wide	CT/500
	SUSDWW12	Double Wall Cup	White / Paper / BioPBS (FSC®)	12oz	CT/500
	SUSDWW16	Double Wall Cup	White / Paper / BioPBS (FSC®)	16oz	CT/500

Aqueous Paper Cups – OzHarvest Collection

Featuring three distinct designs, the Sustain OzHarvest Collection of disposable cups has a unique water-based barrier coating, eliminating the need for a separate inner plastic lining. They are compostable in industrial facilities under specific conditions. Made from well-managed, Forest Stewardship Council® (FSC-C117930®) certified forests and other controlled sources, every carton of cups purchased will help us supply two meals to Australians in need.

Lids

Sustain's lids are a sustainable alternative to the traditional disposable plastic lid. These lids are made from renewable materials such as polylactic acid (PLA) or sugarcane pulp and are industrially compostable under specific conditions.

CODE	PRODUCT TYPE	DESCRIPTION	CAPACITY	UOM
SUSHCL4	Cup Lid	Natural/PLA (Polylactic Acid)	Fits 4oz	CT/2000
SUSHCL8	Cup Lid	Natural/PLA (Polylactic Acid)	Fits 8oz Standard	CT/1000
SUSHCLP8	Cup Lid	White / Sugarcane Pulp	Fits 8oz Standard	CT/1000
SUSHCL12/16	Cup Lid	Natural/PLA (Polylactic Acid)	Fits 12 / 16oz & 8oz Wide	CT/1000
SUSHCLP12/16	Cup Lid	White/Sugarcane Pulp	Fits 12 / 16oz & 8oz Wide	CT/1000

Pulp Drink Trays

Sustain Pulp Drink Trays are sturdy, durable and moulded to fit standard takeaway cups – a convenient solution for carrying takeaway drinks. Made from recycled pulp, these trays can be reused, recycled in co-mingled recycling, or composted under specific conditions in an industrial composting facility.

Pulp Drink Trays
