

# KWIKMASTER

## PROFESSIONAL

## NEW! Hand, Hair & Body Wash. Sanitisers & Dispensers.

Handwashing is a simple and small task, but vital to help improve the chances of you and your customers remaining illness-free. If water is not available a high quality sanitiser can be used, while the ideal hygiene solution is a combination of handwashing followed by a sanitiser. Kwikmaster Professional's new range of soaps and sanitisers helps ensure health and hygiene practices are easily maintained. Investing in high quality soaps and sanitisers is a great step to defending against germs and infections.
