

# Sustain

The solution is in your hands

# Sustain

## Disposable Food Service & Packaging

Sustain features a range of paper and plant-based product that offer a sustainable alternative to your food service and takeaway packaging needs. Sustain products are made from renewable materials and are compostable in industrial facilities under specific conditions.

The Forest Stewardship Council® (FSC®-C117930) is a global, not-for-profit organisation dedicated to the promotion of responsible forest management. FSC® promotes environmentally appropriate, socially beneficial, and economically viable management of the world's forests. Look for our FSC®-certified products.

## Aqueous Paper Cups

These innovative cups are made with renewable unbleached kraft brown paper from well-managed, Forest Stewardship Council® (FSC®) certified forests and other controlled sources. A unique water-based barrier coating eliminates the need for a separate plastic lining and makes them compostable in industrial facilities under specific conditions.

### Aqueous Paper Cups

| CODE      | PRODUCT TYPE    | DESCRIPTION  | CAPACITY | UOM     |

## Wooden Cutlery

Sustain's wooden cutlery is available as single pieces or as part of handy packs. The wooden cutlery is made from renewable, Forest Stewardship Council® (FSC®) certified birchwood, a great, sustainable alternative to plastic cutlery. The light beeswax coating on the forks, knives and spoons provides an improved eating experience. Whether you provide quality in-house catering or casual takeaway, you will find style and substance in these birchwood cutlery alternatives.

### Wooden Cutlery Packs

| CODE        | PRODUCT TYPE | DESCRIPTION   | UOM    |

|----------|-------------|------|-------------|---------|
| BZQNCTRK | Kraft Brown | 1/4  | 230 x 230mm | CT/2000 |

## Sugarcane Containers & Clamshells

Made from renewable sugarcane pulp known as bagasse, these sugarcane clamshells are heat resistant and microwavable – making them an ideal hot food packaging solution. These clamshells are compostable in industrial facilities, so will breakdown under specific conditions. Compostable products will breakdown into nutrient-rich organic matter which can be used as a fertiliser for plants.

### Sugarcane Clamshells

| CODE        | DESCRIPTION                        | COLOUR | SIZE       | UOM    |
|-------------|------------------------------------|--------|------------|--------|
| SUSCSSC66   | Sugarcane Clamshell                | White  | 6 x 6 x 3" | CT/500 |
| SUSCSSC96   | Sugarcane Clamshell                | White  | 9 x 6 x 3" | CT/250 |
| SUSCSSC99   | Sugarcane Clamshell                | White  | 9 x 9 x 3" | CT/200 |
| SUSCSSC96/2 | Sugarcane Clamshell, 2-Compartment | White  | 9 x 6 x 3" | CT/250 |
| SUSCSSC99/3 | Sugarcane Clamshell, 3-Compartment | White  | 9 x 9 x 3" | CT/200 |

## Sugarcane Rectangular Containers

Stylish, strong and water resistant, these sugarcane containers are an ideal food service and takeaway packaging solution for hot and cold foods. Made from renewable sugarcane pulp (bagasse) material, these containers are compostable in industrial facilities so will breakdown under specific conditions (excluding PET lid, which can be recycled).

### Sugarcane Rectangular Containers

| CODE          | DESCRIPTION                     | COLOUR  | SIZE            | UOM    |

## Paper Bowls & Lids

Sustain Paper Bowls are functional and versatile, with a sturdy wall construction – the perfect solution for soup, salad, noodles and yoghurt. Made from renewable paperboard with a PLA (polylactic acid) inner lining, these round paper bowls & lids are ABA certified compostable in industrial facilities under specific conditions.

## Sugarcane Portion Cup and Lids

Sustain Sugarcane Portion Cups are made from sugarcane pulp or “bagasse” – the fibrous residue left over after the sugarcane has been crushed and the sugar extracted.

### Sugarcane Portion Cup and Lids

| CODE         | DESCRIPTION                    | COLOUR  | SIZE            | UOM     |
