## Sustain's **OzHarvest Collection** Aqueous Cups Feeding Australians in Need

Sustain's OzHarvest Collection cups are made from renewable paper and are ABA certified compostable in industrial facilities. By purchasing cups from the collection, you contribute to the fight against food waste. Every carton of cups purchased will supply two meals to those who need it most.

OzHarvest is committed to saving surplus food from landfill and redirecting it to those in need. Everybody deserves access to quality nutritious food. Make your coffee count! Help nourish Australia.

**WORLDSTAR  
WINNER 2024**

### Made from Renewable Sources

Made from paper from well-managed, Forest Stewardship Council® (FSC®-C117930) certified forests and other controlled sources. FSC® promotes environmentally appropriate, socially beneficial, and economically viable management of the world’s forests.

FSC® is a global, not-for-profit organization dedicated to the promotion of responsible forest management worldwide.

### Compostable in Industrial Facilities

Compostable products will breakdown into nutrient-rich organic matter which can be used as a fertiliser for plants. The Sustain OzHarvest Collection Cups are ABA certified compostable in industrial facilities, so will breakdown under specific conditions in accordance with AS 4736:2006.

### Unique Water-Based Barrier Coating

Sustain Aqueous Cups have a unique water-based barrier coating that allows the cup to maintain its structural integrity when holding liquid and eliminates the need for a separate plastic or bio-plastic inner lining.

These cups have been tested for recyclability in accordance with PTS Method PTS-RH:021-97. Check with your waste receiver to confirm whether they accept these cups for recycling.
