

KWIKMASTER

Cleaning Cloths & Wipes

Kwikmaster's Cleaning Cloths and Wipes are a high-performance and economical solution to suit all of your janitorial needs.

The range is colour coded to avoid the risk of cross contamination and maintain a hygienic and safe workplace. Kwikmaster's cleaning cloths and wipes are machine washable, chemical and odour free and made from soft materials to avoid any scratched surfaces.

Cleaning Wipes

These high performance cleaning wipes are an absorbent, durable and economical choice for cleaning large areas and removing stubborn dirt and grime. Chemical and odour free, they are made with soft material to prevent surface scratches.

Colour Coding Systems

A colour coded cleaning system is a simple way to ensure that any germs and bacteria from one area of your business will not be spread to another during the cleaning process. Assigning colours to specific areas is crucial to avoiding the potential risk for cross contamination.

Consider this system to maintain a safe and hygienic working environment for your business.

	Green	General Food & Bare Use
	Red	General Washrooms
	Blue	General Lower Risk Area
	Yellow	Clinical / Healthcare
	White	Bespoke or Site Specific

HACCP International Certified

Kwikmaster Cleaning Wipes are HACCP International Certified meaning that they are suitable for use in facilities that operate in accordance with a HACCP International based Food Safety Programme. This is an internationally recognised method of identifying and managing food safety risks in professional environments.
