

MAKE A SUSTAINABLE CHOICE FOR THE WASHROOM

SCJ Professional® Proline WAVE 1 Litre soap dispenser is made with 70% Recovered Coastal Plastic sourced from a global partnership between SC Johnson and conservation organisation Plastic Bank™.

Recovered Coastal Plastic is post-consumer recycled plastic collected on land within 31 miles / 50 km of an ocean so that it does not reach oceans or landfills, in countries with high volumes of uncollected plastic waste.

equivalent 500ml recovered coastal plastic bottles

Plastic Bank™ is a social enterprise that empowers collection communities in vulnerable coastal areas in Indonesia, Philippines and Brazil to stop plastic waste before it reaches oceans or landfills, whilst improving the lives of those that collect it.

The SC Johnson partnership with Plastic Bank™ supports opportunities for over **20,000 people** in vulnerable coastal areas.

USE LESS, GET MORE

The **SCJ Professional® Proline WAVE** 1 litre dispenser can be used with the full range of SC Johnson Professional® foam soaps, which compared with traditional lotion soaps provide people with an effective, pleasant hand wash using up to **45% less water** and **36% less product** required when washing and rinsing and **57% more hand washes per litre***.

That's more hand washes for the same product size!

Each 1L Cartridge provides 1,429 doses (0.7ml per dose) with only 1 pump required for an effective hand wash.

* SC Johnson Professional sponsored study: Media4Change Ltd. How a Single Change in a Washroom can significantly reduce water consumption and associated costs, 2011.

- Washes away over 99% of dirt and germs
- Biodegradable formula¹
- Proven to have broad appeal amongst washroom users with mild formulation, which is dermatologist tested to verify and confirm it does not elicit dermal irritation

Reference: 1. The formula and each of its carbon containing ingredients will decompose into simple, non-toxic substances in 28 days or less in accordance with OECD301F standard.

- Perfume-free & Dye-free
- Unique antibacterial agent – Kills up to 99.999% of many common bacteria
- Suitable for food facilities – HACCP Certified

HACCP International Certified: This product and the dispensers it is to be used with have been certified by HACCP International as being food-safe hand hygiene products suitable for use in facilities that operate in accordance with a HACCP based food safety programme in Food Zone Classification SSZ (Splash or Spill Zone). This means products are suitable for use in food handling areas such as kitchens, production areas and processing areas, but not suitable for coming directly into contact with food or items that will touch food. HACCP International's evaluation and certification is strictly confined to matters of food safety or the operation of a HACCP based food safety programme. Whilst all reasonable care is taken by HACCP International in its evaluation of the product(s) or services(s) described herein, HACCP International does not guarantee that every food safety risk in every application has been identified. No guarantee is offered or implied in the issuing of this statement. **GECA:** This product complies with Personal Care Products standard (PCPv4.1i-2013), GECA Standard which can be read at www.geca.eco. GECA's Ecolabel trade mark indicates the environmental performance of a product has been certified from multi-criteria perspective. Products that carry the trade mark are certified environmentally preferable by GECA.

1. Manual and Touch Free dispensers are guaranteed for their lifetime. Guarantee applies only in Australia and New Zealand and to dispensers exclusively using SC Johnson Professional® products. Other terms and conditions apply; <https://www.scjp.com/en-au/guarantee>

2. BioCote® is a registered trademark of Biocote Limited. BioCote® silver ion-based technology effectively reduces bacteria, mould and fungi on the surface of BioCote® treated dispenser push buttons within as little as 2 hours and achieves up to 99.999% reduction over a 24 hour period. Efficacy is independently validated by ISO methods. BioCote® maintains its antimicrobial protection for the lifetime of the dispenser button and will not wear off, wash off or leach out. BioCote® technology is not a substitute for good hand hygiene practices.
