

ABENA Man

High-Quality Male Incontinence Products

ABENA Man Range

ABENA Man is our specialised range of male incontinence products, specifically shaped to fit the male anatomy. The T-shaped protection shield provides light to moderate incontinence and an excellent fit for freedom of movement. The design provides a discreet solution for users to stay in control and live an active life.

ABENA Man Features

- 100% breathability
- Breathable textile backsheet
- T-shaped for better fit
- High performance core for faster absorption and dry surface
- Unique barrier system with built-in pockets for extra protection
- Super soft for optimal comfort
- Odour control system
- Supports a healthy skin balance
