SUSSSCW	Spoon	White	Plant Pulp	154mm	CTN/1000	
SUSCSCW	Chinese Soup Spoon	White	Plant Pulp	147mm	CTN/1000	

Made from Renewable Sources

Sustain Pulp Cutlery is made from a mix of renewable wood, bamboo and sugarcane pulp (bagasse). Bagasse is the fibrous residue left over after the sugarcane has been crushed and the sugar extracted. The finished product is strong, water resistant and, more importantly, sustainable.

Home Compostable

Compostable products will breakdown into organic matter which can be used as a fertiliser for plants. Sustain Pulp Cutlery is home compostable in accordance with AS 5810:2010.
